

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 2000-48-C - ORDER NO. 2002-63  
JANUARY 29, 2002

IN RE: Application of UKI Communications, Inc. for	)	ORDER	
a Certificate of Public Convenience and	)	AMENDING	
Necessity to Operate as a Reseller of	)	CERTIFICATE TO ADD	
Intrastate Interexchange Telecommunications	)	FACILITIES-BASED	
Services and for Alternative Regulation.	)	SERVICES	

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of a request filed by UKI Communications, Inc. ("UKI" or the "Company") to amend its Certificate of Public Convenience and Necessity to reflect that UKI Communications, Inc. is also granted authority to be a facilities-based provider in South Carolina. UKI Communications, Inc. was granted a Certificate of Public Convenience and Necessity to operate as a reseller of intrastate interexchange telecommunications services and for alternative regulation in Docket No. 2000-0048-C, Order No. 2000-547 on July 14, 2000. By letter, the Company's counsel has notified the Commission that UKI has acquired a Siemens 15.0 DCO-CS switch located in the State of Florida that was scheduled to become operational on January 1, 2002 when UKI would begin offering its services on a switched resale basis.

Upon consideration of this matter, the Commission finds and concludes that the Certificate of Public Convenience and Necessity granted to UKI should be amended to

reflect that it now has authority to offer its services as a facilities-based provider in South Carolina. UKI will be offering its services on a switched resale basis in South Carolina.

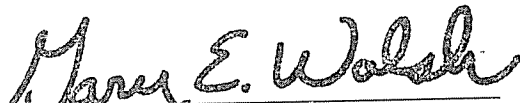

The Commission's records will hereby reflect the amendment of the Company's authority in South Carolina.

IT IS SO ORDERED.

BY ORDER OF THE COMMISSION:

  
Chairman

ATTEST:

  
Executive Director

(SEAL)
